Objective

Front-End Developer with 2+ years of experience building responsive, secure, and user-friendly web applications using React.js, JavaScript (ES6+), TypeScript, and Tailwind CSS. Skilled in translating UI/UX designs into functional code, integrating RESTful APIs, and optimizing for performance across devices. Experienced in the financial services sector, with strong knowledge of compliance processes and secure data handling.

Skills

- **Frontend:** React.js, JavaScript (ES6+), TypeScript, Next.js, React Native, HTML5, CSS3
- **State Management & Data:** Redux, RTK Query, Context API
- **UI & Styling:** Tailwind CSS, Material UI, GSAP, Responsive/Mobile-First Design
- **Backend/Full Stack:** REST APIs, Node.js/Express, MongoDB
- **Tools & Version Control:** Git, GitHub, Webpack/NPM, Trello, Agile
- **Other:** Accessibility Standards, SEO Optimization, Figma (basics)

Experience

Bitspro | Front-end Developer 2021-2023

- Developed and maintained responsive, cross-browser web and mobile apps using React.js and React Native.
- Built reusable components and integrated REST APIs for dynamic, real-time data handling.
- Optimized applications for performance, accessibility, and SEO.
- Collaborated with designers and backend developers in Agile teams using GitHub and Trello.
- Debugged UI issues and improved page load speed across devices.

Freelance | Front-end Developer 2021-Present

- Delivered responsive websites and apps for small businesses and startups.
- Key project: **ArabStar - Car Rental App** (React.js, Tailwind CSS, Strapi) with strong focus on performance & usability.
- Tech stack: React.js, Tailwind CSS, GSAP, Strapi, REST APIs

Emirates NBD Global Services | Credit Card Processor (Retail & Corporate) 2024-Present

- Process and validate high-volume retail and corporate credit card applications.
- Ensured compliance with **banking regulations, security protocols, and risk controls** while handling sensitive data.
- Strengthened attention to detail, problem-solving, and secure data handling in a regulated environment.

Projects

1. **Yummyano - Recipe Manager (MERN Stack):** Recipe management app with admin panel, responsive design, and API integration.
2. **Urban Store - Ecommerce Store:** Built with React.js, TypeScript, TailwindCSS, Context API.
3. **ArabStar - Car Rental App (Client Project):** React.js, Tailwind CSS, Strapi; focused on performance & usability.
4. **CamCrew - Animated Landing Page:** Implemented GSAP animations for an engaging UI.
5. **Gourmet Haven - Restaurant Landing Page:** Interactive site with responsive design.
6. **Luxury Homes - Real Estate Landing Page:** Modern UI with GSAP effects.
