Objective

Front-End Developer with 2+ years of experience building responsive and user-friendly web applications using React.js, JavaScript (ES6+), TypeScript, and Tailwind CSS. Skilled in translating UI/UX designs into functional code, integrating RESTful APIs, and optimizing for speed, SEO, and cross-browser compatibility. Collaborative team player with a focus on clean, maintainable code and continuous learning.

Skills

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, React Native, jQuery
- **UI & Styling:** Tailwind CSS, Material UI, GSAP, Responsive/Mobile-First Design
- **Backend/Full Stack:** REST APIs, Node.js/Express, MongoDB, MySQL, PHP (basics)
- **Tools & Version Control:** Git, GitHub, RTK Query, Webpack/NPM, Trello, Agile
- **Other:** Accessibility Standards, SEO Optimization, Figma (basics)

Experience

Bitspro | Front-end Developer 2021-2023

- Developed and maintained responsive, cross-browser web and mobile apps using React.js and React Native.
- Translated UI/UX designs into pixel-perfect, reusable, and scalable code.
- Integrated REST APIs for dynamic, real-time data handling.
- Optimized applications for performance, accessibility, and SEO.
- Collaborated with designers and backend developers in an Agile environment using GitHub and Trello.
- Debugged UI issues and improved page load speed across devices.

Freelance | Front-end Developer 2021-2023

- Delivered responsive websites and apps for small businesses and startups, including **ArabStar – Car Rental App (React.js, Tailwind CSS, Strapi)**.
- Collaborated with clients to translate requirements into functional designs.

- Tech stack: React.js, Tailwind CSS, GSAP, Strapi, REST APIs.

Emirates NBD Global Services | Credit Card Processor (Retail & Corporate) 2024-Present

- Process and validate high-volume retail and corporate credit card applications.
- Ensure data accuracy, compliance, and attention to detail while handling sensitive customer information.
- Developed strong problem-solving and organizational skills in a high-pressure environment.

Projects

1. **Yummyano – Recipe Manager (MERN Stack):** Recipe management app with admin panel, responsive design, and API integration.
2. **ArabStar – Car Rental App (Client Project):** Built with React.js, Tailwind CSS, and Strapi; focused on performance & usability.
3. **CamCrew – Animated Landing Page:** Implemented GSAP animations for an engaging UI.
4. **Gourmet Haven – Restaurant Landing Page:** Interactive site with jQuery animations.
5. **Luxury Homes – Real Estate Landing Page:** Modern UI with GSAP effects.
6. **Blogify – Full-Stack Blog Platform:** Built using PHP & MySQL with user authentication.
7. **Urban Store – Ecommerce Store:** Built using React.js, typescript, tailwindcss, contextapi.
